Dear Dyane:

Thank you for designing a most delightful and appealing library/media room at the 17th annual Fairfield Christmas Tree Festival December 4 through 7, 1997. Over 5,000 people visited the Burr Homestead and had an opportunity to visit the rooms created by the designers.

The amount of time and energy devoted to this three-day event was incredible, resulting in a highly successful event. We could never have undertaken this project without your support.

It was an honor for The Kennedy Center to have been selected as one of the 1997 beneficiaries and a privilege for us to have worked with such a diverse and talented group of volunteers.

Again, please accept our thanks.

Sincerely,

Sharon Carroll, Chairman
